Forecast for Monday 21 Feb 2022

Weather: Showers soon becoming isolated this morning with some sunny intervals, the best of these in the afternoon when it will be dry, the gales steadily easing. Most of the evening dry but cloud increasing later with the chance of a little light rain.

Chance of cloud-free hill tops above 700m: Around 70% at dawn and 90% during the day, decreasing 10% late evening.

Low cloud and visibility: Occasional cloud to 600m generally lifting above the summits by midday with good visibility through much of the day. Poor visibility in drizzle late evening with low cloud down to 300-500m also arriving.
